Good morning all,

I can confirm that the article itself is not in question. The meeting will be to address the various comments that had been attributed to the LinkedIn article.

I have updated the meeting to 10am and hoping this will be ok for all concerned.

Thanks,

Dave

Subject: Gorodnichy Meeting June 4

Hello Gentlemen,

In preparation for the above-mentioned meeting, and in the expectation of full transparency on the part of CBSA, I would ask that Mr. Labelle clarify specifically whether Dmity is being investigated for the article itself, or the comments by Dmitry? I ask the employer to clarify which at its earliest convenience prior to this meeting.

Also, Dmitry had informed me that he has a meeting at 9:00. Can this meeting be moved to 10am?

Thank you

Christopher F. Olutola
