Q-1520

Q-1520[2] — May 5, 2023 — Mr. Carrie (Oshawa) — With regard to government statistics on the causes of death in Canada: (a) what were the top 50 leading causes of death for each year and quarter since 2014, broken down by sex, age interval, geographic location of death, type of location of death (long term care home, hospital, etc.); and (b) for the statistics in (a), from 2021 onwards, what is the breakdown by COVID-19 vaccination status?

NAME OF ORGANIZATION: Statistics Canada (StatCan)

Quarterly number of deaths, by sex and the leading causes of death, Canada, 2014 to 2022				
Year	**Quarter**	**Sex**	**Leading causes of death**	**Number of deaths**
2014	Annual total	Both sexes	Total, all causes of death	258,900
2014	Annual total	Both sexes	Malignant neoplasms	77,010
2014	Annual total	Both sexes	Diseases of heart	51,050
2014	Annual total	Both sexes	Cerebrovascular diseases	13,575
2014	Annual total	Both sexes	Chronic lower respiratory diseases	11,880
2014	Annual total	Both sexes	Unintentional injuries (accidents)	11,790
2014	Annual total	Both sexes	Diabetes mellitus	7,075
2014	Annual total	Both sexes	Influenza and pneumonia	6,600
2014	Annual total	Both sexes	Alzheimer's disease	6,410
2014	Annual total	Both sexes	Intentional self-harm (suicide)	4,290
2014	Annual total	Both sexes	Chronic liver disease and cirrhosis	3,130
2014	Annual total	Both sexes	Nephritis, nephrotic syndrome and nephrosis	3,100
2014	Annual total	Both sexes	Parkinson's disease	2,460
2014	Annual total	Both sexes	Sepsis	2,360
2014	Annual total	Both sexes	In situ neoplasms, benign neoplasms, and neoplasms of unknown or uncertain behaviour	1,540
2014	Annual total	Both sexes	Essential (primary) hypertension and hypertensive renal disease	1,500
2014	Annual total	Both sexes	Aortic aneurysm and dissection	1,460
2014	Annual total	Both sexes	Pneumonitis due to solids and liquids	1,270
2014	Annual total	Both sexes	Certain conditions originating in the perinatal period	1,100
2014	Annual total	Both sexes	Congenital malformations, deformations and chromosonal abnormalities	1,005
